Students who received their Associate Degree in Nursing from a community college college (2-year college) may transfer in 60 credits towards the RN-BS degree. Transcripts are evaluated upon acceptance to determine which courses may be accepted as transfer credit. When you are accepted to the RN-BS program, you will be awarded 33 credits for previous nursing courses you have taken when you present proof of having a passed the National Council Licensure Exam for RNs (NCLEX-RN) and hold an unencumbered Registered Nurse license in the USA. Your last 30 credits towards your degree must consist of courses taken at Rutgers.

*****All students must take a minimum of 30 credits with Rutgers Camden to satisfy program requirements & complete the program.**
